Internship

As a driven **Computer Science and Engineering** student at **Hindustan University**, I'm passionate about **AI development** and **cutting-edge technologies**. My expertise in **prompt engineering**, **artificial intelligence**, and **data analytics** enables me to create impactful solutions that address real-world problems. With hands-on experience in **C++ programming**, **ChatGPT**, and **generative AI**, I specialize in transforming complex challenges into efficient, scalable systems.

Having successfully completed projects and internships, I've developed strong skills in **software development**, **data analysis**, and **automation**, with a knack for leveraging **machine learning** and **data-driven insights**. My commitment to continuous learning keeps me at the forefront of evolving technologies, making me a valuable asset to any forward-thinking team. I aim to contribute to innovative projects that shape the future of **artificial intelligence** and **emerging technologies**.

WORK EXPERIENCE

Hindustan University • Chennai, Tamil Nadu, India **07/2023 - Present**

Student

Topperworld **09/2023 - 10/2023**

Programmer

C++ Intern at Topperworld

- Completed C++ programming tasks within the four-week internship at Topperworld, demonstrating rapid skill development and commitment to learning.
- @Topperworld

EDUCATION

Bachelor of Technology - BTech in Computer Science

Hindustan University • GPA: 9.68 CGPA

Skills: Coding Experience • Engineering • Research Skills • Problem Solving • Interpersonal Skills • Data Structures • C (Programming Language) • Communication • Team Leadership • Microsoft PowerPoint

HSSC

The Ashok Leyland School

01/2009 - 12/2023

Skills: Research Skills • Interpersonal Skills • Communication

CERTIFICATIONS

Getting started with Git and GitHub

IBM
